Profile

Highly motivated and result-oriented individual with a passion for implementing and launching new projects. Seeking a Full Stack Web Developer position with 1+ years of experience in a reputed firm driven by technology and innovation. Committed to leveraging my skills and expertise to contribute to the success of the organization and further advance my career in web development.

Employment History

Associate Software Developer, NextBridge IT Solutions, Pune
AUGUST 2022 — PRESENT

As an Associate software developer, my role included developing Custom widgets and Web applications which leads to customer satisfaction.

- Designing intuitive graphical user interface using HTML, CSS and JavaScript and React.js, Material UI, Bootstrap.
- Working with Java and Node.Js for server side programming.
- Working with DevOps tools like GIT.
- Creating middle-ware using JAVA to interact with widgets for advance functionalities and deployment in tomcat server under client side environment

Projects

Cx Dashboard

Developed a tailored real-time reporting solution, the CX Dashboard, specifically designed for Contact Center operations.

SBCE-CDR Dashboard
FEBRUARY 2023 — MAY 2023

Our web app provides a comprehensive data management and analysis solution with features like the Admin Dashboard, Historical Reports, and Register User, empowering admins and supervisors for efficient decision-making.

Three level work codes
OCTOBER 2022 — JANUARY 2023

In Avaya Workspace, a custom widget appears when an agent answers a Call/Email/Chat. The widget allows the agent to select a language (English or Arabic), which determines the displayed menu options. The agent can choose reasons from a list and add custom notes. These selected reasons and customer interaction details are stored in a database. Additionally, agents can view customer details and history fetched from the database in a separate section.

Lab Management
AUGUST 2022 — SEPTEMBER 2022

Our proprietary software streamlines administrative processes, managing lab requests, licensing, and employee access approvals. It centralizes tasks, automates workflows, and enhances coordination, resulting in increased operational efficiency, improved productivity, and streamlined operations within our organization.

Education

B.E in Computer Engineering, Dr. D Y Patil School of Engineering and Technology, Pune, Pune

AUGUST 2019 — APRIL 2022

Diploma in Computer Engineering, S P M Polytechnic, Solapur, Solapur
